### *Chapter Directors Desk*

*Well here we are in March already! Before you know it we will be talking about the Christmas Party, yeah I know, let's not rush it and worry about that yet! It's almost riding season here in East Tennessee, is your bike ready? I know I have spent some time getting mine cleaned up, oil changed, tires checked, etc, all in preparation for what I hope is a long riding season.*

*Speaking of riding, Trudy & I did some this past week in south Florida, man was the weather beautiful! It was really great to get back on the bike. You can read all about it, just look for the article named, Rick & Robs Excellent Adventures! As you can all imagine, any time Rick is involved, things get interesting fast! We really had a fantastic time!*

*Last month we also held our 2<sup>nd</sup> annual Valentine's Day Pot Luck Dinner. If memory serves me correctly, we had 36 Chapter members present. Once again the food was fantastic; we really have some members that are outstanding cooks! Once dinner was over, we started the games, and that's when the laughs really started. I don't think anyone went home without a smile on their face. Once again the 'Newlywed Game' was the big hit. We had 3 couples competing; George & Vida, Rick & Cindy, and of course the COY, Larry & Pam. All three were somewhat surprised I think when I asked them to come forward, but all three were great sports and did a fantastic job. I think they got as much of a kick out of the game as everyone else did. The competition was fierce and close, but George & Vida were able to edge it out! They even modeled for us after the competition! There's never a dull moment when Vida is involved! If you missed the dinner, you really missed a lot of laughs!*

*On the fourth Tuesday, 2/22/11, we meet at the Olive Garden on Kingston Pike just past West Town Mall, for our monthly dinner ride. I believe we had 15 Chapter members present, and again the food was great! Everyone that attended really enjoyed themselves, and we had some great camaraderie! I believe we already have a location picked out for next month; we will meet at Carter's Pizza & Grill on 3/22/11 @ 6:30pm. It is located on River Road off Hwy 68, heading towards Watts Bar. As far as I know at this point, we will meet*

## GWRRA Region N

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

there in cars. If the weather looks promising that week, I may try to lead a ride to it on bikes though, so keep your ears open.

Once again, come out and participate with the Chapter! We really have a blast getting together, and there never seems to be a dull moment! Don't forget about Spring Fling (April 14-16), when you get that many Chapter M'ers together at one place & time, there's no telling what might happen! Just ask Rick about Spring Fling last year!

*Ride Safe and Have Fun*

*Rob & Trudy*

### *Assistant Chapter Directors*

*Well hopefully winter is about gone and this makes us closer to summer again. Linda and I are looking forward to summer at home and some great bike rides with the club. Talking with Rob it appears the club should have some good rides planned for the summer.*

*From what we hear about the winter up there we are very happy to be in Florida at this time, at least we are able to ride the bike on most days. The weather here has been great and even better Linda and I have had some visitors from home. Sue Rohlwing came to visit and we did some sight seeing. We went to the coast and saw some very large yachts. Some as much as three stories high and parked outside of beautiful large homes.*

*Then we went to the aquarium located in a five story pier that is called the upside down pier, there we saw a lot fish that would look great in any salt water tank full of colors , different shapes and sizes. We went to one of the restaurants at the pier to have lunch before continuing to visit the area and we really enjoyed the time Sue was able to spend with us.*

*Sue eventually had to get back on a plane and go back to work. Thanks for the visit and we will see you soon.*

*Oh boy !! Time for a visit from Rob and (Nemo)Trudy Ashcraft they came to spend some time with us here. We got to do some more traveling around the state. We started with some short rides in the local area like a visit to the Murals in Lake Placid. This is a great site to see, some of these murals are 28 feet tall x 65 feet wide. Then you are to look for an item that has been placed in the mural some as small as 1" tall by 1" wide that have been placed there for you to find. It*

## GWRRA Region N

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

*is very interesting and something everyone seems to enjoy. Being able to spend time at the murals it is great.*

*Now for some more travel. We went to the pier and were able to check out people fishing and walked the area to view different things. Once again we must stop to eat and afterwards what do all gold wingers do after they eat their main meal food? You must have ICE CREAM so guess what they have here? Ice cream so we all stop and get a bowl or cone to eat then out for a walk. (Nemo) Trudy gets a ice cream cone then proceeds outside and Yes! A bird dives down to take her ice cream and succeeds. You would have really loved to see the look on her face it was GREAT!! Of course the bird was also very happy with the results. Back to the ice cream store Trudy goes, this time she gets a bowl of ice cream--(Only could happen to you Nemo)-- but she did finally enjoy her ice cream. Rob and I calculated that during their visit we placed approximately 600 miles on the bikes. But it's not over yet we have to go to the beach Nemo and Linda require some sun. We went to Siesta Key Beach, the girls packed a lunch and drinks and off we go to have fun in the sun. We all walk the beach to locate shells and had fun walking in the water, just sight seeing. We have lunch at the picnic tables provided in the shaded area, Now it's nap time for the guys but the girls go back to walk the beach some more. Later they return (one lobster) Trudy and Linda now we must leave to find somewhere to eat dinner. Unfortunately the time has come for all to head back home Rob and Trudy must pack up to return home for work. Linda and I will continue our stay in the warm and sunny weather of Florida. What Luck ???*

*Now the time has come for the kids and grandkids to visit -- MORE FUN-- to arrive. Linda and I miss all of you and look forward to returning home- when it warms up more. We will see everyone at Spring Fling. Have fun and ride when you can. Miss All Of You best of luck with your riding and weather.*

*Rick and Linda Collins  
Assistant Chapter Directors*

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

## *Couple of the Year*

*Boy, where has this month gone? It seems like only yesterday that we were sitting in front of the computer writing the last newsletter article. With the weather getting better, all our minds are starting to turn to riding and what better way than to attend a motorcycle show. Pam & I went to Greenville, SC, last weekend to attend the International Motorcycle Show where they were unveiling the new 2012 GL1800. I had viewed the pictures over the Internet the week before, and I must say I wasn't impressed, but after seeing it in person it's really not all that bad. I was expecting more mechanical changes, but most everything is cosmetic. I guess it will be like when the 1800 first came out, "it will have to grow on you". I will include a few pictures at the end of this article for those who haven't seen it yet. If you have any questions, you can see me after the meeting.*

*Well, I finally put the finishing touches on our new bike this week and with it being so pretty Thursday I just had to take a little ride. So around 8:30 I took off towards Jamestown then off through Pickett State Park, and, before I knew it, I ended up in Cumberland Falls State Park in Kentucky.*

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

*This is the first time I had ever been there and, man, is it beautiful! I bet this place is just gorgeous in the summer when things green up. From all the rains we had Wednesday, the water was quite muddy, but the falls where pretty anyway. From there, I made my way to Oneida and then to Huntsville to I-75. I then made a stop at Electrical Connection in Halls to pick up a set of their new heated grips. Talk about nice! These are very nice! They have been changed from just having low and high settings to an adjustable heat that goes from off to REALLY high. I can see no reason that a person would ever need the high setting. All in all, I rode a little over 300 miles Thursday on some roads I had never ridden before, so it was a great day.*

**Monthly Chapter Dinner Ride**

**February 22, 2011**

*The February Dinner Ride took us to The Olive Garden in Knoxville, Tn. on Kingston Pike past West Town. The servers had prepared us a lovely room in the back. Maybe they had heard we were not quite types. There were only 15 of us present. We missed you all that were not there.*

*You probably got talked about ,too. Only in a GOOD way! We had no guests.*

*No one rode their bike, either.*

*The food was sooo good. The salad and bread sticks were never ending. Some of us ate more than we should have. I'll call no names. ASK ME LATER!!! Some of us took dessert home...ME...Lemon Cake, very good.*

*We did the quarter thing. Guess who got the money???* James Whitener!!!

*Wasn't too big a pot though, but every quarter counts. Right?*

*See everyone on the 8th of March for our regular gathering.*

### FROM THE SUNNY SOUTH

*Well, we have finally been able to get out on the bike. Robert was down with a cold or allergies or something for about a month.*

*Now we did get out for the last three days and ride. The weather down here is just beautiful, so we are taking advantage of it, while we can.*

*Friday we took off and headed for Lake Placid, to see if we could find out where Rick and Linda's hide-a-way was. We found it, but didn't stop and we knew that Rob and Trudy were probably out running around with them.*

*It was a beautiful ride, and while out and about we decided to stop and get a sandwich at McDonalds. This was kind of late in the afternoon, and after gallivanting around, we headed back to Avon Park for the evening.*

*Saturday it was also pretty, so we decided to go over to Glen and Sharon's and see if they wanted to go for a ride. They weren't home but they had been out walking and they spotted us.*

*We asked them if they wanted to ride up to Lake Wales Flea Market, and they said yes, so we waited while everyone got ready, and we headed up the road. Of course, we took the scenic road up there, thru Frostproof and headed towards the Flea Market.*

*There we decided we would get a Polish Sausage Sandwich and a drink, then after shopping we would go back thru Frostproof and stop at Frost Bite for Ice Cream.*

*That is just what we did. Of course some wanted Coconut ice Cream, and Glen and I had a different kind. All of which was delicious.*

*After we were stuffed, it was time to get back on the bikes and head home. I guess we got home around 4:00 p.m.*

*Sunday Bob and I decided to head back to Lake Placid, and see if we could find the location of where Rick and Linda are trying to purchase some property. Sharon said it was in the Country Walk area, so we rode around trying to locate*

## GWRRA Region N

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

*it. While riding around the Country Walk area, turning the corner was a white vehicle that had Rick in the front of it.*

*Yep, you guessed it. It was Rick and Linda, and Rob and Trudy, running around, except they were heading for Lake Placid to show Rob and Trudy all the Murals in that town. The murals are all beautiful, but Rick didn't say anything about the Clown School there in Lake Placid. It probably wasn't open anyway.*

*It is hard telling where and what will happen tomorrow (Monday) but will keep you posted.*

*Bob & Marty*

### **FROM THE SUNNY SOUTH** cont...

*Yesterday, Monday, we have gotten together with Rick and Linda, and Rob and Trudy, to make plans to go out to dinner with them.*

*We were to meet at Glen and Sharon's house, and we would leave from there. A little after 2:00 p.m. we were all gathered at their house and ready to ride.*

*There was Glen and Sharon, their friends, Jan and Marty, Rick and Linda, Rob and Trudy, and of course us, Bob and Marty.*

*We were headed for a Pizza Place called Marina's Pizza in Bradenton. It was about a 60 mile ride, but the weather was great.*

*Everyone got there just fine, and ordered our pizzas. While waiting on our pizza's we just sat around and chatted for a while.*

*When the pizza arrived, it was time to chow down, and enjoy. After getting full, we ended up getting boxes to take about half of it back home with us. It was delicious, but we were all full.*

*Now we needed somewhere to ride to, just to bounce us up and down a little.*

## *GWRRA Region N*

# **Tennessee Chapter "M"** **FOOTHILLS WINGS-Lenoir City**

*We decided to ride over to Anna Marie Island, and walk down the Pier, and take a few pictures.*

*There were a lot of fish being caught, just by throwing a net in the water, and we saw several.*

*Of course parking on the pier, or rather beside it, was an experience. All sand, but some of us didn't have a problem. Rob did, his bike was trying to get itself buried in the sand, but it didn't happen. He found a spot on some blacktop to park it at.*

*It was time to leave all the fun and head back home. Just before everyone left to go their own way, we stopped at a gas station so everyone, who were running on fumes, could fill up, before heading back.*

*We all said our good-byes, just in case we did not see them before going back, and everyone headed home. We got back home around 8:30 p.m. that evening.*

*A special thanks goes out to Glen and Sharon's friends, Jan and Marty. They lead the ride, since none of us knew where this place was.*

*That is all there is at this time. Until later*

*Bob and Marty*

## GWRRA Region N

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

### Rick & Robs Excellent Adventures

*Well first I guess I should correct the title, actually its Rick, Rob, & the girl's excellent adventures. Everything started when Trudy & I decided to take Rick & Linda up on the invitation to come to visit them at their Florida home during the winter. We decided to bring the bike down so that we could do some riding while in Florida. Pulling a motorcycle, (yes I said pulling, you know like those other brands) on a trailer is something I have never done, so pulling one for 700 plus miles would be an adventure in itself!*

*We left Tennessee on Thursday, 2/24/11, after Trudy & I got off work. I wanted to make it at least 4 to 5 hours before we stopped for the night, I figured that way Friday would be somewhat shorter. We made it to Macon, GA before stopping. Pulling the trailer slowed us up, and for sure changed our gas mileage, and not for the better I might add! We woke up Friday morning to rain, and it continued to rain until we reached the Florida line. It's amazing, almost like clockwork, right at the Florida line it turned sunny, beautiful, and hot. We arrived at Rick & Linda's at 4 pm, after a long day of driving.*

*The first full day in Florida we decided to head to the coast & beaches. We jumped on the bikes and headed towards St Petersburg. The weather continued to be beautiful, sunny, and in the mid 80's. Quite a change from the mid 40's in Tennessee. The ride over to the coast was almost all on back roads, and it was great to be back riding! We made it to St Petersburg pier around lunch time, and eat on the 5<sup>th</sup> floor, a restaurant called Cha-Cha Coconuts. The view from the pier was unbelievable, we watched sailboat racing, planes landing at a small airport, and dozens of other boats coming & going from the port. After our meal, we decided to take a Dolphin cruise around the bay. They guarantee everyone will see a dolphin, and sure enough after over an hour, the Captain indeed found 4 dolphins, and we really got some great pictures. By the time we were done dolphin hunting, it was almost 6pm, and we still had a two hour ride back. When we got back to Rick & Linda's, we had put a total of 207 miles on the bikes.*

*Sunday was our second day, and we went to downtown Lake Placid for breakfast, and then walked around town to view all the murals the town is famous for. The town has 44 murals, and that doesn't count the trash cans, or*

## GWRRA Region N

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

bird murals. The murals are incredible, for example the Cracker Trail Cattle Drive is 175 feet wide, by 30 feet high. They actually have the sounds of a cattle drive playing when you pull up to the mural! If you ever get a chance to go through Lake Placid, Fl, it is really worth the trip. We continued the day later in the afternoon by attending a Community Bar-B-Q at the Covered Bridge Community Center. As you would expect, the food was fantastic, and we all left stuffed! We ended the day by taking a short ride on the bikes around Lake Placid & Sebring, putting a total of 55 miles on the bikes that evening.

Monday started by taking the bikes to Lake Okeechobee for lunch. Linda had to be back at 1pm for a practice, so we left early. We stopped for lunch at the Country Side Café right on Lake Okeechobee. Maybe it was the fact that none of us had eaten breakfast, but those hamburgers really did taste great, maybe their sign was correct, "The best food on the Lake". By the time we got back to Lake Placid, we had traveled 120 miles that morning. But the day wasn't done; Linda had been in contact with Glenn & Sharon Bush, as well as Bob & Marty Shields, two other Chapter TN-M couples that also spend the winter in Fl. They had set up a dinner ride for all of us. Well, what a dinner ride it turned out to be! We left Glenn & Sharon's at Avon Park and headed to Bradenton, Fl for dinner at Villa Marina Pizza. We had a total of 10 of us, Glenn & Sharon, Bob & Marty, Rick & Linda, Jan & Marty (friends of Glenn & Sharon), and Trudy & I. The ride over was great, and the pizza was fantastic. After dinner we decided to continue over to the coast since we were so close. We made it to the Island of Anna Maria, and specifically to the pier. We all walked out onto the pier and watched people fishing, then headed back. We made it back to Lake Placid around 9pm, after putting a total 317 miles on the bike for the day.

Tuesday was our last full day at Rick & Linda's and we decided to head to the coast once again, but this time in the car. The day started overcast, and they had called for rain. So even though we were heading for Siesta Key Beach, we felt it might be better in a vehicle in case the weather turned bad. We left at 8am and stopped in Arcadia at Clocks for breakfast, and as we have come to expect, the food was great. After eating we continued west & towards the beaches. Between the English speaking GPS lady, my navigation abilities (or lack thereof), and getting smacked several times in the back of the head by our

## GWRRA Region N

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

wives, Rick was able to get us to Siesta Key Beach after one or two u-turns! The weather actually turned a little better by the time we reached Siesta Key, so we all walked out onto the beach. Six hours later, picnic lunch at the beach, several bags of sea shells, a short nap on the beach by Rick & I, and one wife that looked like a lobster, we all decided we had had enough. At that point we turned back towards Sarasota & Marina Jack. Marina Jack is a large Marina in Sarasota that has a statue out front depicting the famous picture of the Sailor kissing a Nurse that celebrated the end of WWII. After pictures of the statue, and looking at some fantastic boats/yachts, it was time for dinner. Once again after a u-turn, we stopped at Longhorns for dinner. After another long day, we got back to Rick & Linda's around 9pm that night.

Well you know the saying; all good things must come to an end! Since Trudy & I still have to deal with that 4 letter word, we decided to start our trip back on Wednesday, we both had to be back to work on Friday. We got up early and Rick & I loaded my bike back on the trailer while the girls got everything else ready. Rick & Linda followed us into Sebring where we all stopped for breakfast at the Sebring Dinner, another popular local restaurant. After eating we said our goodbyes and started home, I decided to take a little detour since we had two days to get home. We went up through Orlando, Daytona Beach, and up the coast to our old stomping grounds. You see, I was stationed at Kings Bay Naval Sub base in southeast Georgia, so we stopped and spent Wednesday night there. It was really something to see how the area around the base, as well as our old house, had changed in the 17 years since we had left.

Thursday morning was another early day, and after breakfast at Waffle House, we were on the road. We finally made it home around 5pm on Thursday night. I believe we put somewhere around 1600 or so miles on our car and slightly under 600 miles on the bike during the trip. We really had a great time, and have already started discussing next year's trip! Hope Rick is ready for Excellent Adventures II!

# Tennessee Chapter "M" FOOTHILLS WINGS-Lenoir City

## Chapter "National Historic Landmarks" Contest Rules for 2011

1. Visit as many National Historic Landmarks as you can. You must take a picture of your bike/bikes in front of the sign designating the National Historic Landmark or a picture of your bike/bikes with the National Historic Landmark in the background. A list of all sites for all 50 States is here: <http://www.cr.nps.gov/nhl/designations/Lists/LIST10.pdf>
2. If a group visits a National Historic Landmark, then everyone but the photographer should be in the picture. This allows for the fact that someone else may not be available to take the picture for you.
3. The winner will be selected on a points system. Points will be awarded to each couple/bike visiting the National Historic Landmark as follows:
  - 1 point to each couple/bike for each National Historic Landmarks visited.
  - 2 points to each couple/bike if there are 4 or more couples/bikes in the group.
  - 2 points to each couple/bike if the National Historic Landmark is  $\geq 250$  miles from the Chapter Meeting Location.
  - 3 points to each couple/bike if the National Historic Landmark is  $\geq 500$  miles from the Chapter Meeting Location.
  - 4 points to each couple/bike if the National Historic Landmark is  $\geq 1000$  miles from the Chapter Meeting Location.
  - 5 points to each couple/bike that visits all 29 in Tennessee.
4. All distance calculations will be made using Mapquest and calculated from the Chapter meeting location (Fort Sanders Medical Center, Lenoir City) to each National Historic Landmark.
5. Points will be calculated by the contest committee (CD, ACD, COY, & Ride Coordinator).
6. The DEADLINE FOR THE CONTEST IS NOVEMBER 8, 2011 (Chapter Gathering/Meeting).
7. Any questions/concerns should be addressed to the Chapter Ride Coordinator. If he can't get them addressed, he will discuss them with the Contest Committee. The decision of the Contest Committee is final.
8. Prizes will be awarded at the Christmas Party in December 2011.
9. **REMEMBER**, the goal of this Contest is to get Chapter members out & riding the beautiful roads of Country! Let's make this one of the biggest and best Contest rides we as a Chapter have ever had!
